

**Town of Stuyvesant – Zoning Laws
Amendment #5 – November, 2011**

Building Permits

In order to help ensure the adequacy and proper location of a new water well supply, we would like to propose to amend section 6 of the Zoning Ordinance entitled On-lot water and sewer Facilities to read as follows; new text is bold.

No permit shall be issued for any new structure or enlargement of an existing structure that would require on-lot water and sewer facilities', until such time as the applicant for such action presents to the Zoning Enforcement Officer, in writing, approval for such facilities from either the New York State Department of Environmental Conservation or the Columbia County Health department, ***as well as the following documents: a copy of the filled-out Well Completion Form that has been filed with the New York State Department of Environmental Conservation, proof that the well has been completed by a contractor that is registered with the New York State Department of Environmental Conservation, and satisfactory evidence that the well has been located in accordance with separation distances contained in 10 NYCRR Part 5, appendix 5B (Standards for Water Wells).***
