

Energy Efficiency for your Home!

Saturday, October 14 at 2:00pm

Stuyvesant Town Hall

Join us to learn about energy efficiency and heat pumps as well as NYS energy grants, financing, rebates, and incentives! Nearly any house can be made more energy efficient. With new technology and state financing energy saving improvements may be more feasible than you think. Co-sponsored by the Stuyvesant Climate Smart Community Task Force and the Kinderhook Memorial Library.

Nature's Best Hope

Sunday, October 22 at 2:00pm

Stuyvesant Town Hall

Hear author and conservationist Doug Tallamy explain how homeowners can turn their yard into a **Homegrown National Park** that provides habitats for wildlife. Learn how you can regenerate biodiversity by planting native plants and removing invasive species. Co-sponsored by the Stuyvesant Climate Smart Community Task Force, the Stuyvesant Garden Club, and the Kinderhook Memorial Library.
